Production up to 75 L / day

INDUSTRIAL REVERSE OSMOSIS

DOMESTIC REVERSE OSMOSIS

INDUSTRIAL REVERSE OSMOSIS

Advantages :

- ✓ A very pure water outlet for your industrial needs.
- ✓ Reverse osmosis uses little or no added chemicals in the releases.
- ✓ The environmental impact is low and the cost of operation is optimized.
- ✓ Easy operation and maintenance.

A wide range for all your needs: From domestic reverse osmosis to industrial installation!

DOMESTIC REVERSE OSMOSIS

Advantages :

- ✓ Reverse osmosis at home allows you to have pure water at will, and save money.
- ✓ Have water at will! Produce as much drinking water as you want.
- ✓ Pure water is ideal for tea or coffee ... This is in the kitchen, not only as a beverage, as pure water finds its place.

For an efficient treatment of drinking water, we offer quality solutions for an optimized result!
